

Data Warehouse Scenario 10: Labor Charged to a Project Code

Problem A project manager would like to know who has charged labor to his/her program code and to which group each person belongs.

Solution Click on the *Quick Reports* icon. Double click on the *Labor* icon. The *Quick* screen redisplay. Click on the *Labor Detail (Costs)* icon. Enter the *Fiscal Year* and the *Program Code* under *Criteria*, and click on the *Run* button.

The screenshot displays the Data Warehouse application window. The title bar reads "Data Warehouse". The menu bar includes "Reports", "Edit", "Options", "Window", and "Help". The toolbar contains icons for "Quick", "Standard", "Ad Hoc", "Close", "Export", "Print", "Sort", "First", "Prior", "Next", "Last", "Help", and "Exit".

The "Quick" report window is open, showing a tree view of report categories. The "Labor" category is expanded, and "Labor Detail (Costs)" is selected. The "Description" field displays "Labor Detail (Costs)".

The "Criteria" section contains the following fields:

- Fiscal Year:** 1996
- Cost Center:** (empty)
- Program Code:** W523
- Cost Account:** (empty)
- Work Package:** (empty)

Buttons for "Run", "Close", and "Help" are located on the right side of the window. The status bar at the bottom indicates "Ready".
